

What is Infinio?

Infinio is the latest hearing aid platform from Phonak, their most revolutionary yet. With cutting-edge solutions, it takes on the biggest challenges to help people with hearing loss embrace life’s meaningful moments with joy and confidence.

It features 3 distinct RIC products; Phonak Audéo Sphere™, Phonak Audéo™ I-R and Phonak CROS I-R. You can also choose a fully custom option, with Phonak Virto™ I, with a rechargeable for the first time.

Let's unlock a world of possibilities

Exceptional sound quality

Fully automated to sense your surroundings and adjust your hearing aids every step of the way. You're not just hearing the world; you’re experiencing it in a way that’s automatic and personalized for you. From the very first moment, you can enjoy exceptional sound quality and comfort.

Seamless connectivity

Pair up to 8 Bluetooth® devices, with 2 paired simultaneously, and experience smooth instant switching between listening with the hearing aid and streaming. Step into a world where connection is always an option, where boundaries are redefined, and possibilities seem endless.

Tested. Proven. Reliable.

Designed, engineered and tested with extreme precision to withstand the challenges of everyday life. Phonak devices go through over 10,000 hours and 135 individual stringent tests*, to ensure they work day in and day out, so you can fully engage with the world around you.

If you are interested in trying any of the Phonak Infinio devices, fill out the form to schedule your appointment or call our office at XXX-XXX-XXXX.
