

The future of hearing now available in customized hearing aids.

Introducing Phonak Virto™ R Infinio

Dear <<FirstName>>,

Are you ready to experience the next level of customized hearing? At <<Practice Name>>, we're excited to introduce you to the next next generation of in-the-ear hearing aids that combine extraordinary sound, precision fit and cutting-edge technology – all in one discreet device.

Introducing Phonak Virto R Infinio – the first rechargeable custom hearing aid powered by Phonak SmartSpeech™ Technology. Designed to fit your unique ear anatomy and hearing profile, Virto I-R offers seamless connectivity and effortless rechargeability that will keep you connected throughout your day.

Why you'll love Virto I-R:

- **Custom comfort:** Crafted specifically for your ear, ensuring a secure, comfortable fit that looks as good as it feels.
- **Seamless connectivity:** Stream music, take hands-free calls and switch effortlessly between devices with universal Bluetooth® compatibility.
- **Hassle-free charging:** Simply snap your Virto I-R into its charger at night – the magnetic connection makes charging quick and easy.

Don't miss out on this exciting opportunity to elevate your hearing experience! Visit us at <<Practice Name>> to learn how Virto I-R Infinio can transform your hearing.

Call us today at XXX-XXX-XXXX to schedule your appointment. We can't wait to help you unlock a world of new possibilities!

Sincerely,

Signature
